ISO/IEC 27001 Certified Information Security Management System

MSCB-273

This certificate relates to the management system of the certified organization, and not to the products, services, processes, applications, platforms, systems, or individual controls of the certified organization. The certified organization is required to continue to comply with the obligations detailed within its certification agreement and with the applicable scheme requirements and certification criteria. The certificate reference number, the certification body mark and/or the accreditation mark may not be shown on products or stated in documents relating to products or services. Promotional material, advertisements, or other documents showing or referring to this certificate, the certification body mark, or the accreditation mark must comply with the intended scope and conditions of this certificate. This certificate does not of itself confer immunity on the certified organization from any legal obligations. This certificate has been issued electronically and remains the property of Glocert International Certifications (UK) Limited. It is bound by the conditions of contract and may be suspended, withdrawn, revised, or reduced in scope in accordance with Glocert's certification rules. An electronic certificate can be authenticated online; printed copies can be validated at www.glocertinternational.com/certificate-directory.
